# SLENDER CLUB JAPAN@CCT

## -The Challenge of Complex Lesions with the Slender System, possibilities and limitations

Date: **Thursday, January 28 14:30-17:30** Venue: **Portopia Hotel (Room 9)**

The Slender Club Japan is about thoroughly investigating the ultimate in minimally invasive interventional therapy not only for simple lesions but for complex lesions as well. Slender Club Japan@CCT is a session where our members will introduce to you their methods of grappling with bifurcations, calcified lesions, chronic total occlusions, etc, through lectures and live-taped video and will also explore the possibilities and limitations of those techniques.
