

Scientific Program

11/3

8:30-10:30

[ACS](#)

Room 3
Kobe International Exhibition Hall 2

8:30-9:30 Part1: DES for ACS

Chair(s): *Masaharu Ishihara, Tian Hai Koh*

Lecturer(s):

Lecture on
3rd generation of DES in acute coronary syndrome :
Kee-Sik Kim

Endeavor zotarolimus-eluting stent implantation to culprit lesion in AMI is the well balanced selection between efficacy and safety: Consideration from angioscopic findings :
Masaki Awata

New drug-eluting stents in AMI :
Myung-Ho Jeong

Long-term outcome of DES in STEMI :
Keiichi Tsuchida

Safety and efficacy of drug-eluting stent for acute myocardial infarction: Angioscopic evaluation :
Masami Nishino

9:30-10:30 Part2: Current management and intervention of ACS

Chair(s): *Tadaya Sato, Seung-Woon Rha*

Lecturer(s):

Lecture on
Merit and demerit of the distal protection device (Filterap) :
Kenji Goto

Onset-to-balloon time and door-to-balloon time in AMI :
Yoshihisa Nakagawa

Rotational atherectomy in patients with AMI :
Norifumi Kubo

TRI for STEMI :
Junya Ako

Interventional management of STEMI patients with emphasis on aspiration thrombectomy :
Barry Rutherford
