

Complex Cardiovascular Therapeutics (CCT) 2023

Cosponsored by Abbott Medical Japan LLC

# Bifurcation Hands-on Course

## October 20th (Fri), 2023

Venue : Kobe International Exhibition Hall, 1F at the Abbott booth

Target Audience : Only doctors are available to attend this session.

Registration limit : **5 seats / session**

※Pre-registration is required. See below for detailed information.

What is the appropriate position for “optimal” POT and KBI?

What is the “PBED” method that is currently trending?

Learn with us in determining what the optimal strategies are for bifurcation lesions using an endoscope and a hands-on model.

| Date                                 | Time        | Target | # of seats | Language |
|--------------------------------------|-------------|--------|------------|----------|
| <b>October 20<sup>th</sup> (Fri)</b> | 16:30~17:30 | Doctor | <b>5</b>   | English  |
